| Table 1: Summary of the data used in the study           |   |
|--|---|
| Variable   | Description   |
| Age  | Age in years  |
| Gender   | Male/Female   |
| Education  | High School/Graduate  |
| Income   | Low/Medium/High   |
| Health   | Good/Fair/Poor  |
| Marital Status   | Married/Single/Divorced                                     |
| Employment   | Employed/Unemployed   |
| Religion   | Christian/Jewish/Muslim                                     |
| Political Affiliation                                    | Democrat/Republican   |
| Residence  | Urban/Suburban/Rural  |
| Travel Frequency   | Frequently/Seldom   |
| Travel Distance  | Short/Medium/Long   |
| Travel Mode  | Car/Bus/Train/Plane   |
| Travel Purpose   | Business/Leisure/Other                                      |
| Travel Satisfaction                                      | Satisfied/Dissatisfied                                      |
| Travel Frequency (by mode)                               | Frequency of travel by each mode                            |
| Travel Distance (by mode)                                | Distance traveled by each mode                              |
| Travel Mode (by purpose)                                 | Mode of travel for each purpose                             |
| Travel Purpose (by mode)                                 | Purpose of travel for each mode                             |
| Travel Satisfaction (by mode)                            | Satisfaction with travel by each mode                       |
| Travel Frequency (by purpose)                            | Frequency of travel for each purpose                        |
| Travel Distance (by purpose)                             | Distance traveled for each purpose                          |
| Travel Mode (by distance)                                | Mode of travel for each distance                            |
| Travel Purpose (by distance)                             | Purpose of travel for each distance                         |
| Travel Satisfaction (by distance)                        | Satisfaction with travel for each distance                  |
| Travel Frequency (by satisfaction)                       | Frequency of travel for each satisfaction level             |
| Travel Distance (by satisfaction)                        | Distance traveled for each satisfaction level               |
| Travel Mode (by satisfaction)                            | Mode of travel for each satisfaction level                  |
| Travel Purpose (by satisfaction)                         | Purpose of travel for each satisfaction level               |
| Travel Satisfaction (by purpose)                         | Satisfaction with travel for each purpose                   |
| Travel Frequency (by mode and purpose)                   | Frequency of travel by mode and purpose                     |
| Travel Distance (by mode and purpose)                    | Distance traveled by mode and purpose                       |
| Travel Mode (by mode and purpose)                        | Mode of travel by mode and purpose                          |
| Travel Purpose (by mode and purpose)                     | Purpose of travel by mode and purpose                       |
| Travel Satisfaction (by mode and purpose)                | Satisfaction with travel by mode and purpose                |
| Travel Frequency (by mode, purpose, and satisfaction)    | Frequency of travel by mode, purpose, and satisfaction      |
| Travel Distance (by mode, purpose, and satisfaction)     | Distance traveled by mode, purpose, and satisfaction        |
| Travel Mode (by mode, purpose, and satisfaction)         | Mode of travel by mode, purpose, and satisfaction           |
| Travel Purpose (by mode, purpose, and satisfaction)      | Purpose of travel by mode, purpose, and satisfaction        |
| Travel Satisfaction (by mode, purpose, and satisfaction) | Satisfaction with travel by mode, purpose, and satisfaction |
